One Way Kentucky Loses.

The Times is in receipt of a circular addressed to the taxpayers of Kentucky, which runs as follows:

"Two prison labor contracts at the State penitentiary at Eddyville expire April 1, this year. These contracts are held by the Reliance Manufacturing Company, a Chicago corporation which manufactures shirts.

"It pays the State 50 cents a day per man for 175 men and 67½ cents a day for 75 more men. It does not pay anything for factory space, power, heat, light or water. These are given by you free of charge to the corporation.

"Virginia gets 85 cents a day per man, and charges for all of these items.

"Tennessee gets \$1.10 a day per man from the Gray-Dudley Hardware Company.

"If you had gotten 85 cents a day, you would have received \$23,056 more last year for the 250 men than you did. In addition, you should have gotten at least \$5,000 for space, power, light &c.

"If you had gotten \$1.10 a day per man, you would have received \$42,431.00 more than you did last year. And this is for one year only!

"How do you feel about losing these sums yearly to a foreign corporation?

"The contracts expire April 1. Will the Prison Commission award new contracts to the present holders without advertising for bidders? The law calls for due advertising.

"Ask the Commission what it is going to do about these contracts.

"Why shouldn't Kentucky get at least a dollar a day per man? Or, better still, why not have the men work for you and not for foreign corporations?

"If the Commission is going to advertise for proposals, when is going to do so? Where is it going to advertise? Will the advertising be done in time to get bidders other than the present holders?

"Taxpayers of Kentucky, you have a right to know!"

Hauling Supplies to Oil Fields.

Every day large quantities of supplies for drilling leave this city for the oil field. Yesterday morning a wagon with six yoke—12 oxen—drove up to the depot and loaded up for the fields. Every few days a new rig is unloaded here and goes to the places of drilling. The road from Clay City to the Furnace field is found to be much better as well as nearer than the stations on the L. & N. in Estill county, hence the gradual increase of freight hauling from the depot at Clay City to the Furnace fields.

The Estill Tribune Advances.

The Estill Tribune has increased its subscription price from \$1.00 per year to \$1.50. The high cost of printing material, and paper especially, has been the cause for the advance in nearly every other local paper in Kentucky.

The Sickle of Death.

The Death Angel entered the home of Mr. and Mrs. Cliff Shimfessel in this city Sunday afternoon and took from their tender and loving care the precious little Alene Vaughn, their twenty months old daughter, who for some time had been in a very bad state of health. Everything possible to do for the little dear one was done by the fond parents and neighbors, but to no avail.

Burial Tuesday in the Clay City cemetery. This bright-eyed little daughter had been called upward by the Parent above, to escape the pains of this earthly life and enjoy the bliss of Heaven.

This sad taking away of one so tender and placing it in so happy a home makes Heaven more precious to the surviving family.

Well did our Saviour say, "Suffer little children to come unto me and forbid them not; for of such is the Kingdom of Heaven."

Child Burned.

Elizabeth, 4 years old, daughter of Mr. and Mrs. B. M. McPherson, was badly burned and had a narrow escape from death by an explosion of a gas oven in a kitchen range Wednesday at their home in Winchester. Her forehead, cheeks and lips were badly burned, and her hair and eyebrows were singed off.

Her mother was nearby and extinguished the blaze. The child will not be permanently disfigured, it is thought.

Mr. McPherson and family formerly lived in this city.

Not Much Snow in Perry.

Mr. H. B. Brashear was in Perry county visiting old friends when the recent big snow fell. He says it was only four inches deep in Perry and was greatly surprised when he came to Clay City and found the snow so deep here.

Child Dies.

The little six-months-old baby of John Hardy died Wednesday of diarrhoea and enteritis. The remains will be taken Friday to Hardwick's creek for interment.

From A Missouri Friend.

Jamesport, Mo.

Jan. 18.

Dear Editor and Friend:

Well, Mr. Burgher; I have been receiving your paper for one year and want you to still continue same for one year longer.

I don't think \$1.00 is too much for your paper. I am always looking forward for Monday morning, that is the day I receive my paper. It is like a letter to me. We get our mail about 9 o'clock, and I read my paper first of all.

The paper don't cost me any more the year around than a letter from home coming once a week, and I am sure I get more news in the paper than I could in a letter.

Our crops were very good here this last year. Mr. Moore is selling his corn now for \$1.00 a bushel, over the scales, and can't supply the demand.

He shipped two cars of hogs and got \$10.50 per 100 for them in Kansas City. Markets are good on everything here.

Wishing you success in your undertaking,

Respectfully,

Mrs. SCOTT MOORE.

Local Brevities

Mrs. Wm. Johnson has been quite ill the past week.

Miss Nancye Heironymus, of St. Helens, spent Saturday with Mrs. A. T. Whitt.

Miss Mae Jones, of Winchester, visited her friend, Miss Nola Jones here this week.

Dr. Irvin reports the birth of a son to Mr. and Mrs. Topher Daniel, Tuesday, Jan. 23d.

Edgar Curry and Henry Hammons, of Lexington, spent Sunday with friends and relatives here.

One crop of Bourbon county tobacco sold in Lexington last week for an average price of \$36.38 per hundred.

Crate Johnson, Ray White and Charlie Duncan, who have been working at Dayton for some time have returned home.

Dr. Albert Easter visited his two daughters, Mrs. J. A. Walters and Mrs. Fred M. Tipton, in Madison county two days this week.

Mr. and Mrs. T. J. Wright were in the city yesterday. Mrs. Wright is slightly ailing again, and came to consult her physician, Dr. Martin.

The Ladies' Aid of the Methodist church will meet with Mrs. Adams at the hotel Wednesday, Jan. 31. All members are expected to be present.

Several oil men have been in the city this week. It seems that this city may yet become a base for operations in the up country, as it should be.

Dr. Martin reports the birth of two new boys the past week. One to Mr. and Mrs. Will White, the 20th, and one to Mr. and Mrs. Colie Alexander, the 21st.

Dr. I. Gordon, the optician representing the Cincinnati Optical Company, was here last week as advertised in The Times and took a good many orders for spectacles. He gave much lower prices than do opticians in adjacent cities.

D. F. Crowe was here from Cane creek Thursday, and like scores of others agreed with us that such a paper as The Times could not be printed for less than one dollar a year, so he planked down the necessary dollar to keep her a-going to him until 1918.

Mrs. Myrtle Burgher has closed a very successful school at Argyle, and is now engaged to finish a school at Gray's Branch. Mrs. Burgher gave universal satisfaction at Argyle where she has taught two terms, and the patrons are anxious that she teach there next year.

To Christian Church Members.

All active members of the Christian Church at Clay City are requested to meet with the officers immediately after the Endeavor service Sunday night, 28th, to call a preacher for the ensuing year. All officers specially urged to be present.

STANTON.

(By P. O. Dertkick.)

E. H. Fuller was in Lexington last Saturday and Sunday.

Dr. Johnson reports his father as doing fine and very anxious to come home.

Mrs. Harry Melroy and baby returned home to London Wednesday of this week.

Vic Fulier, of Torrent, was down here last week to see his brother, E. H. Fuller.

The writer was in Breathitt and Wolfe counties the past week in the interest of his work.

Hal Hall and John Kinser, of South Fork country, were down to see us one day last week.

Word comes that Mrs. Mollie Law is quite sick in a hospital at Lexington, but that she is doing well.

J. Smith Hays and Charley Spencer, of Winchester, were here this week in the interest of their legal profession.

Marion Atkinson is expected home one day this week. He has been out in New Washington, Ind., for several months working in a bank there.

Mr. Ben Conlee was taken to the hospital at Lexington where he was operated on for an abscess or fistula. We have not heard how he is getting along.

Rev. J. C. Hanley spent last week in Cincinnati, Louisville, New Washington and other points in the interest of the new church which is soon to be built.

Mrs. Anna Sewell and daughter, of Jackson, are visiting the former's parents, Mr. and Mrs. Wm. Hardwick. She and her mother visited in Lexington last week.

Ben Hatton, of Filson, was down last week. He says it has sure been one bad time carrying mail the past few days up the frozen streams and over the deep snow clad mountains.

Irvie Conlee, of near Richmond arrived here Tuesday and took his little daughter, Alene, home with him. She has been spending several weeks with her grandparents, Mr. and Mrs. D. R. Clark.

Dr. Lemming returned home last week from visiting his old home folks and also at Hamilton and Dayton, O. He expects to soon go to Georgia to spend a couple of months for his health.

Miss Mamie Derickson has been quite sick for several days and Miss Bessie Hardwick has been keeping postoffice in her place. It looks natural to see her back of the boxes distributing mail again.

Rev. J. B. Flinchum who preached for a long time at North Bend was operated on for an abscess at the hospital at Jackson last Saturday. He and his wife have been very poorly for several months.

This community was saddened by hearing of the death of the little infant born to Mr. and Mrs. Robert Conlee and which was buried in the Stanton cemetery.

High Waters.

The melting snow Sunday, with frequent showers during the day and Sunday night, caused a very high tide Monday and Tuesday, but little damage was done, as all feed had been hauled out of the bottoms. All traffic was cut off from Clay City over the roads to Stanton, Spout Spring, Winchester and Mt. Sterling because the grades to the bridges were overflowed.

Surveying Oil Lands.

James B. Hall and George P. Burke are having a large boundary of land in this county and Lee surveyed. This land is very close to the large oil wells on the Ashley place and is evidently very valuable. J. W. F. Williams, of The Times force, is in charge of the surveying crew.

last Thursday. Children are the joy of a home and it is hard to give them up.

John A. Rogers, of Rogers' Chapel, was down one day last week. There is talk of getting up a singing school in Stanton and getting Mr. Rogers to hold it. We sure need a singing school and we have heard of a number who would subscribe scholars to it should one be gotten up. If you are interested in this matter see Messrs. J. D. Atkinson or Jeff Martin.

We are to have a barber shop soon and a young man from Lexington will come to take charge of it. He will want your patronage if he is to make a living at it here in Stanton. We have needed a barber here for a long time. The building of Mr. Blackburn's across the street from the Hardwick store is being fitted up. New doors and windows have been placed and other improvements made. Nelson Blount is doing the work.

Inactivity Causes Constipation.

Lack of exercise in the winter is a frequent cause of constipation. You feel heavy, dull and listless your complexion is sallow and pimply, and energy at low ebb. Clean up this condition at once with Dr. King's New Life Pills, a mild laxative that relieves the congested intestines without griping. A dose before retiring will assure you a full and easy movement in the morning 25c at your druggist.

Bethlehem's Bid on Shells for the United States Navy

To the American People.

The Secretary of the Navy has awarded contracts amounting to over \$3,000,000 to a British bidder for 14 and 16-inch projectiles for the Navy because of very much lower prices offered by the English bidders.

We know nothing of the basis upon which the British bids were made, but the public is entitled to know the facts upon which we ourselves bid for this work.

Two years ago we took contracts to make 4,200 14-inch shells at a price of \$1,515,000. Up to now not a single shell has been accepted by the Government, although we have expended, in wages, materials, etc., on these orders \$522,881, and we have not received a SINGLE DOLLAR on these contracts.

In addition, a literal interpretation of the contract might make us liable for penalties amounting to \$678,016.

In the light of our experience, and having no other basis, we bid for 16-inch shells approximately the same rate per pound as that which the Navy Department actually awarded a 14-inch shell contract one year ago.

ANNOUNCEMENTS

Announcement fee, \$5.00 in advance.

For Superintendent of Schools.

We are authorized to announce
BERT L. CROWE,
candidate for Superintendent of Schools of Powell county, subject to the action of the Republicans in the primary, Aug. 4, 1917.

We are authorized to announce
MAUD BOWEN,

candidate for Superintendent of Schools of Powell county, subject to the action of the Democrats in the primary, Aug. 4, 1917.

The farmers in all parts of the State are getting wise as to the proposed new tax scheme. They realize the folly of lowering the rate of tax on intangible property, of which they own so little, upon the pretext that a lower rate, for State tax only, will bring it out from hiding. The scheme is all bosh, as everyone would see, should the bad law ever be enacted. The only thing the State needs to bring it out of debt is to tax the 2,700,000 barrels of liquor made in this State every year at its fair cash value, which will be no less than \$100.00 per barrel, instead of at \$12.50 per barrel as at present, and the whole thing is solved.

What it seems to us that the Tax League is trying to do, is to devise a plan to keep from taxing liquor at its fancied cash value, and shift the burden onto the farmer. But will it work? If every farmer will write a letter asking Governor Stanley to not call an extra session of the Legislature, the thing is fixed for this time at least, according to our way of seeing.

We publish this week one of the many kind letters we get from our subscribers in sending in renewals. For quite a while we hesitated increasing the subscription price of the paper and would never have done so had not the high cost of printing material driven us to it. We were afraid we would lose too many of our subscribers by so doing, but such has not been the case. While we have lost a few, as many more have taken their place until today our list is as large as it was the day we raised the price. For all of which we thank our very kind friends, many of whom tell us they will continue to take The Times, even though we should find it necessary to charge \$2.00 per year for it.

F. Lee Sheppy, 172 N. Halsted Street, Chicago, Ill., General Sales Manager of the largest concern of its kind in the world, wants three or four men in Powell county and several in adjoining counties, to work for him spare time or all the time. He can use only those who have a rig or auto. Work is very pleasant and no previous selling experience is necessary. Work consists of leaving a wonderful new household necessity in the homes on free trial. Tests at more than thirty of the leading Universities and the Government Bureau of Standards show this new article to be four times as efficient as article now in general use in this section. Article is needed in every rural home and benefits every member of the household, bringing cheer, comfort and happiness into the home. Not necessary to be away from home nights. Pay from \$6.00 to 15.00 per day according to ability and number of homes visited. In writing Mr. Sheppy mention what townships will be most convenient for you to work in; what your regular occupation is; your age; married or single; how long you have lived in the community; what kind of a rig or auto you have; whether you wish to work spare time or steady; how much time you will have to devote to the work; when you can start, and about how many homes are within six miles of you in each direction. This is a splendid opportunity for several men in Powell county and counties adjoining to make good money, working steady or spare time. Some of the field men earn \$300.00 per month; one farmer earned \$1,000.00 working spare time only. No investment or bond necessary.

Owing to the big snow Mt. Sterling court last week was the poorest from point of attendance and business transacted of any in years past so far as the oldest traders could remember.

M. L. Webb and family, of near Winchester, will move to their farm here soon.

J. D. Ledford has returned home after spending a few days at Pineville, Ky.

J. L. Matherly left Saturday for Richmond to visit his brother, Elder D. H. Matherly.

Mrs. Luther Eades is quite ill at the home of her parents, Mr. and Mrs. Nelson Lowery, of Powell county.

Several from here attended the entertainment at the Snow creek school Thursday, given by Miss Sarah Brashear.

Thos. Eades and family have returned to Bloomington, Ill., after several months visit with friends in Kentucky.

Ben Hudson sold his farm last week to M. B. Eubank for \$4,000. We regret to lose Mr. Hudson from our community.

Mrs. John Holland and baby have returned to their home at Brassfield, Madison county, after a visit to her parents at this place.

J. L. Matherly closed his school here Friday. Mr. Matherly has taught us a good school and we hope to have him with us again next year.

Mrs. W. A. Matherly's school closed Friday with a splendid entertainment. Music was furnished by the school. Everybody enjoyed a nice time.

"Cheerfulness is the first essential to success in life," said the Taniac Man.

"Good health is the first essential to cheerfulness."

"Robust health is reflected in a man's face. His smile indicates his physical condition just as a gloomy look betrays health worries. Take the following case of a Dayton man:

"For months Charles Emrick, foreman of the Elias Bach & Sons To-

sacco company, suffered from various bodily aches. Sometimes he couldn't even feed himself, but that was before he tried Taniac."

Mr. Emrick said:

"Some nights I ached so I had to call a doctor. I felt grouchy most of the time. In the mornings I was exhausted. Sometimes, when I sat down to a meal, I couldn't raise my hand up to my mouth, because of aching arms. A friend advised me to try Taniac. It did me lots of good. That's why I'm advising others to try it. It toned up my whole system and drove off that grouchy feeling."

Mrs. John W. Wright, who has been a severe sufferer from stom-
ach trouble, has been taken to the hospital at Lexington, where she is undergoing treatment.

Miss Louetta Barnett, whose serious illness from pneumonia was noted in these columns last week, is slightly better, and Dr. Martin, the attending physician, thinks she may recover.

Lucile, the little daughter of Mr. and Mrs. Dillard Snowden, fell and fractured a bone in one of her legs below the knee, at a similar place where the other limb was broken a few years ago.

Mrs. Geo. W. McIntosh is very sick with the grip, and Mr. and Mrs. Robt. McIntosh on the same place are down with measles, leaving all household duties upon Elder McIntosh, who seems to be having quite a hard time of it.

Mrs. H. Benny Barnett, of Log Lick, died Thursday, 25th, and will be buried at the Salem grave yard near here Friday. Mrs. Barnett had been an invalid for many months. She was formerly Miss Mattie Dawson, and is survived besides her husband by two children—Ernest and Harlan.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvia Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without
